Board members present were Metzler, McGhan, Moul, Tariske and Huntington.

There were 5 in the audience at the opening of the meeting.

**Public Comments:** Gary Phillips wants to have a road closed. He lives on Lever Rd. and the road he is referring to is 96<sup>th</sup> Ave. that dead ends passed Lever Rd. It is too dangerous to keep open. He would not even drive his quad over that road. He did go to the road commission but they wanted \$500.00 and he said he was only inquiring about the process. There are 4 property owners that border the road. Huntington suggested that the township should send certified letters to the 4 owners for their input on this issue.

Steve Bruch was here asking about the draining issues by his driveway. When it rains he has a river flowing to his home. Talked to the road commission and did not get the answers he was looking for. He explained that the road work that was done needs some kind of change in the grade to make the water go elsewhere. Road Comm. told him to see the Township about the issue.
